

A Moment of Pride: Graduation Day Ceremony 2026

The Graduation Day Ceremony 2026 of Kanachur Institute of Medical Sciences unfolded on 25 April 2026 with resplendent dignity, ceremonial splendour, and an air of profound academic pride. Marking the 5th graduating cohort of the institution-comprising the MBBS Batch of 2020 and the Postgraduate Batch of 2022. The event stood as a milestone celebrating perseverance, scholarship, and the transformation of students into future healers of society.

The ceremony commenced with a stately academic procession led by student flag bearers, followed by postgraduate scholars, MBBS graduates, faculty, and dignitaries.

The Director, Mr Abdul Rahiman delivered a distinguished Welcome Address, reflecting on the institution's luminous journey, its unwavering academic ethos, and the honourable obligations that accompany the medical profession. The formal Oath-Taking Ceremony, administered by Dean Dr. Shanavaz Manipady, marked the symbolic induction of graduates into the noble fraternity of medicine.

A total of 156 MBBS degrees, 22 Postgraduate degrees and 2 Fellowships were ceremoniously conferred, reflecting the academic strength and growing legacy of the institution. Eminent dignitaries elevated the grandeur of the occasion:

Dr. Haji U. K. Monu - Chairman (Presiding)
Prof. Dr. M. Abdul Rahiman - Chief Guest
Sri B. L. Shankar - Guest of Honour
Mrs. Zohara Monu - Trustee
Mr. Abdul Rahiman - Trustee & Director

Dr. Shanavaz Manipady - Dean
Dr. Mohammed Ismail H. - Chairman, Advisory Council
Dr. M Venkatraya - Member, Advisory Council
Dr. Anjan Kumar A.N. - Medical Superintendent
Dr. Rohan Monis - Chief Administrative Medical Officer
The celebration of academic excellence featured outstanding achievers:

Dr. Arfaz-1st Rank in General Medicine at Rajiv Gandhi University of Health Sciences
Dr. Nabeel Ahmad-Overall undergraduate 6th Rank at Rajiv Gandhi University of Health Sciences
Both scholars delivered the Valedictorian Address, a compelling blend of gratitude, reflection, and inspiration.

The Chief Guest and Guest of Honour graced the stage with addresses that emphasized character, scholarship, and the timeless virtues of service and empathy. Mementoes were presented to commemorate achievements and contributions. Kanachur Monu Gold Medal for the best outgoing student of 2020 batch was conferred to Dr. Nabeel Ahmad.

The ceremony progressed to the Presidential Address by Chairman Dr. Haji U. K. Monu, who articulated pride in the institution's progress and extended his heartfelt congratulations to the graduating cohorts. The evening moved to its conclusion with a sincere Vote of Thanks offered by Dean Dr. Shanavaz Manipady. The grand ceremony concluded with the National Anthem, followed by a formal banquet that brought together students, families, faculty, and dignitaries in a spirit of joy and celebration.

DME Dr. B. L. Sujatha Rathod Inaugurates Allied Health Sciences, BPT and Nursing Graduation Day

The Kanachur Group of Institutions proudly celebrated its Graduation Ceremony 2026 on 25th April 2026, marking a significant milestone in the academic journey of 291 graduates from Kanachur Institute of Allied Health Sciences, Kanachur College of Nursing Sciences, and Kanachur College of Physiotherapy, Mangaluru.

The grand academic procession comprised 114 graduates from the Allied Health Sciences programs, 100 graduates from Nursing Sciences, and 77 graduates from Physiotherapy, reflecting the institution's continued commitment to producing skilled healthcare professionals for society.

The event was graced by distinguished dignitaries including Dr. B. L. Sujatha Rathod, Director, Directorate of Medical Education, Government of Karnataka; Dr. U.T. Ifthikar Fareed, Chairman, Karnataka Allied and Healthcare Professions Council; Dr. Haji U.K. Monu, Chairman, Kanachur Education Trust; Mrs. Zohara Monu, Trustee; Mr. Abdul Rahiman, Trustee and Director, Kanachur Institute of Medical Sciences; along with members of the Kanachur Health Sciences Advisory Council and academic leaders of the institutions.

The Graduates took the professional oath administered by Dr. Mohammed Suhail, Dean, Kanachur College of Physiotherapy and Institute of Allied Health Sciences.

A major highlight of the ceremony was the recognition of meritorious students who brought laurels to the institution through exceptional academic achievements and university rankings.

Among the awardees, Ms. Sreeranjni V of Kanachur College of Nursing Sciences emerged as the star achiever of the year. She was honoured for getting the prestigious RGUHS Gold Medal for securing First Rank in the Fourth Year B.Sc. Nursing Examination

conducted by Rajiv Gandhi University of Health Sciences. The ceremony also recognized several other Nursing students for securing university ranks, reflecting the academic excellence nurtured at Kanachur College of Nursing Sciences.

Students from Kanachur Institute of Allied Health Sciences secured numerous RGUHS ranks in Optometry, Renal Dialysis Technology, Medical Laboratory Technology, Medical Imaging Technology, and Anaesthesia & Operation Theatre Technology. Kanachur College of Physiotherapy celebrated remarkable achievements, Multiple students from both Bachelor and Master of Physiotherapy programmes earned university ranks and accolades.

The ceremony also featured a heartfelt Valedictorian Address by Ms. Raahimah Khalid, graduate representative from the Bachelor of Physiotherapy programme, who reflected on the memories, challenges, and accomplishments of the graduating batch.

Delivering the Convocation Address, Chief Guest Dr. B. L. Sujatha Rathod congratulated the graduates and encouraged them to uphold professional ethics, compassion, and lifelong learning in their healthcare careers. Followed by a motivational speech by Dr U.T Ifthikar Fareed, the guest of Honour.

The event concluded with the Presidential Address by Dr. Haji U.K. Monu, Chairman, Kanachur Education Trust, who congratulated the graduates and reaffirmed the institution's commitment to academic excellence and quality healthcare education.

The Graduation Ceremony 2026 stood as a proud testament to the dedication of students, faculty members, parents, and the management of Kanachur Group of Institutions in shaping the next generation of healthcare professionals.

Kanachur Hospital & Research Centre Takes The Centre stage At 'times Business Excellence Awards'

26th of February, 2026, Mangaluru: Kanachur Hospital achieved a unique milestone in their growth trajectory with a brilliant and a scintillating showcase award at the Times Excellence Awards - The Times Group - held at Avatar Hotel. Mr Abdul Rahiman - Director, KIMS & Dr. Rohan S. Monis - CAO, KHRC received the prestigious award from Saina Nehwal - Iconic Indian badminton player and Olympic medalist.

Kanachur's unique value proposition (UVP) has been reaching out to the disadvantaged for preventive, rehabilitative and curative healthcare. But this plot; had a twist. We were now reaching out to the non-healthcare graduates from institutions around Dakshina Kannada to train them on CPR (hands on) and Organ Donation - a core differentiator for Kanachur as it strives to be at the helm of the promotive and educative vertical of health.

Being shortlisted & being honored for '**Excellence in Community Health Advocacy & Social Development**' at the praise-worthy event - Kanachur was the only organization which touched hearts at the panel discussion - expressing about their niche initiative as it was an essential 'Intervention into Education

that would Improve Social Wellbeing'. Dr Monis deliberated "We need to Take Responsibility; Partner with Key Stakeholders; Build Knowledge and Dispel Myths; Leverage Personal Stories; Normalize the Conversations; thus creating a Multiplier Effect."

By creating awareness and increasing the rates of 'Bystander CPR' and 'Organ Donation' - Bharat will see a huge public health impact with societal austerity and community well being.

Bridging the Gap: The Vital Role of Occupational Therapy in Carpal Tunnel Syndrome Management

Dr. Subrata Adak (OT)

Lecturer, Occupational Therapy
Kanachur Institute of Allied Health Sciences

Carpal Tunnel Syndrome (CTS) is the most common entrapment neuropathy, caused by compression of the median nerve at the wrist. It commonly affects individuals involved in repetitive hand activities, including IT professionals, healthcare workers, industrial employees, and culinary staff. Symptoms such as pain, numbness, tingling, reduced grip strength, and disturbed sleep can significantly interfere with daily activities and work performance.

Occupational Therapy (OT) plays a vital role in bridging the gap between medical treatment and functional recovery. Beyond symptom management, OT focuses on restoring hand function, promoting independence, and enabling individuals to return to meaningful daily activities.

A comprehensive OT assessment evaluates both occupational performance and physical impairments using standardized tools to assess symptom severity, sensory function, grip strength, dexterity, and functional limitations.

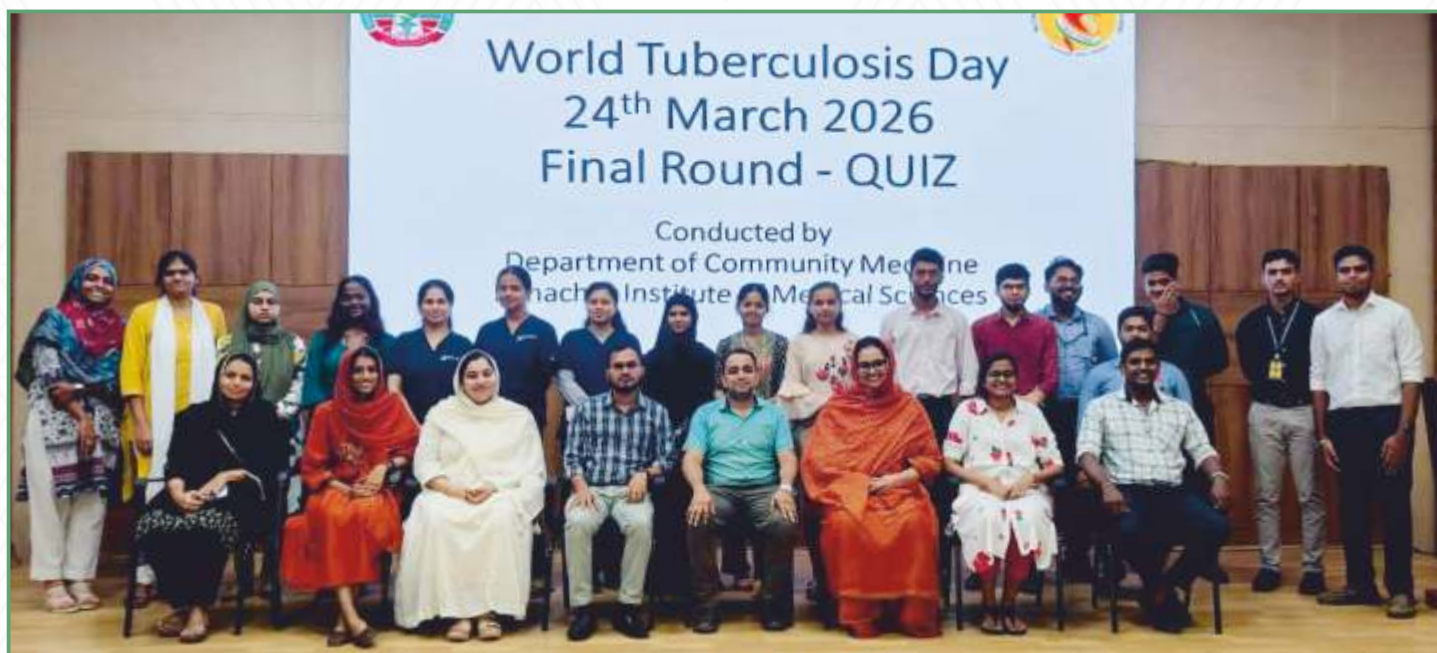

For mild to moderate CTS, evidence-based conservative management includes neutral wrist splinting, particularly at night, activity modification using the "4 Rs" (Remove, Replace, Reduce, and Rest), joint protection techniques, and ergonomic education to minimize strain during daily activities and work.

Neurodynamic rehabilitation, including tendon and median nerve gliding exercises, helps improve nerve mobility, reduce swelling, and prevent adhesions. Progressive strengthening exercises further restore grip and pinch strength, improving overall hand function.

Following carpal tunnel release surgery, early Occupational Therapy is essential for optimal recovery. Rehabilitation progresses through edema control and wound care, scar management, range-of-motion exercises, desensitization, strengthening, and gradual reintegration into work and daily life.

Occupational Therapy extends beyond pain relief-it empowers individuals to regain independence, prevent recurrence, and confidently return to productive and meaningful occupations. Through evidence-based rehabilitation, ergonomic interventions, and patient education, Occupational Therapists play a crucial role in enhancing both functional ability and quality of life.

World Tuberculosis Day Quiz, 2026

Theme: "yes! We Can End Tb: Led By Countries, Powered By People".

The Department of Community Medicine organized a quiz programme on 24/03/2026 to mark World Tuberculosis Day. The preliminary round was held the same day at 9:30 AM, with 29 teams participating. From these, six teams qualified for the finals, which took place at 11:00 AM. The event was conducted by Dr. Fathma Kalam and Dr. Farzana Ummer, Senior Residents in the Department of Community Medicine. The participants

displayed great enthusiasm and a strong competitive spirit throughout the programme.

Subsequently, two teams were selected to represent the institution at the intercollegiate quiz held at Yenepoya Medical College on 26/03/2026, also in observance of World Tuberculosis Day. A total of 16 teams competed in this event. Kanachur Institute of Medical Sciences secured the first prize, with Ms. Serena Elish Kumar and Aishah Firdous emerging as the winners.

Swasthya Bharath Shrestha Bharath – Nasha Mukth Bharat, Nasha Mukth Karnataka, Nasha Mukth Campus Yuva Shudhi Abhiyan

(Poster and health education module making competition)
Theme: To create campus free of: (a) Drug(b)Alcohol(c)tobacco (d)other substances abuse(e)suicide incidents.

As a part of Nasha Mukth Campus Yuva Shudhi Abhiyan an initiative by RGUHS, Department of Community Medicine

organized a Poster making and health education module making competition. The initiative aimed to create a drug-free, alcohol-free, tobacco-free and substance abuse-free campus, while also addressing suicide prevention and promoting mental well-being among students. The program focused on raising awareness about the harmful effects of drugs, alcohol, and tobacco and encouraging healthy lifestyle practices, responsible behaviour, and patriotism among students.

The response to the competition was remarkable. Thirty teams participated for the poster making competition and ten teams for the health education module making competition, which included students of all four years of MBBS. The program was conducted on 11 March 2026 from 11:00 AM to 1:00 PM at department of community medicine.

Students actively participated and presented innovative ideas through posters and educational modules highlighting substance abuse prevention, mental health promotion, and the importance of building a healthy and responsible campus

environment. The enthusiastic participation of students reflected their commitment, creativity, and awareness of public health priorities. The event successfully supported the objectives of the

Nasha Mukth Campus Yuva Shudhi Abhiyan by strengthening awareness and motivating students to contribute towards building a healthy, responsible, and addiction-free campus.

Empowering Mother's, Ensuring safety motherhood

The Department of Obstetrics & Gynaecology at Kanachur Institute of Medical Sciences conducted the Safe Motherhood Day program for Under Graduate students in Department of OBG, antenatal mothers and patients relatives on 11th April 2026 at the OBG Seminar Hall. The event began with a keynote address by Dr. Rekhalatha, Head of the Department, who emphasized the importance of ensuring safe pregnancy, skilled birth attendance, and quality maternal healthcare services.

A poster presentation competition for undergraduate students was organized to promote awareness and academic engagement in maternal health. The entries were evaluated by Dr. Oniell Fernandes, Head of the Department of Paediatrics, who appreciated the students' efforts and insights.

An awareness talk was delivered by Dr. Shruthi, highlighting the significance of antenatal care, early detection of high-risk pregnancies, and the role of healthcare systems in reducing maternal mortality.

The program concluded with prize distribution for the winners and participants, acknowledging their contributions. The event successfully reinforced the importance of safe motherhood and collaborative healthcare efforts.

The talk was well appreciated by the audiences which were around 75 in number consisting of Antenatal, Postnatal mothers, General public, Interns, undergraduate & Postgraduate students.

Indian Psychiatric Society Karnataka Chapter PG CME 2026

2nd Prize in State Level Quiz Competition Organized by Department of Psychiatry, K.S. Hegde Medical Academy, Mangalore, February 21.22.2026.

Dr. Roopa
Dr. Syed Mohammed Abuzer

3rd Prize in State Level Quiz Competition Organized by Department of Psychiatry, K.S. Hegde Medical Academy, Mangalore.

Dr. Nishidha
Dr. Harshitha

CME on Rational Antibiotic Use in Paediatrics Conducted at KIMS

The Department of Paediatrics, in collaboration with the Departments of Microbiology and Pharmacology, Kanachur Institute of Medical Sciences (KIMS), Mangalore, successfully organized a Continuing Medical Education (CME) programme titled “Tiny Patients, Big Decisions – Clearing the Fog of Irrational Antibiotic Prescriptions” on 7th February 2026 at the KIMS Hospital Auditorium.

The CME aimed to address the growing challenge of irrational antibiotic use and antimicrobial resistance (AMR) in paediatric practice. The programme focused on promoting rational prescribing practices, appropriate interpretation of microbiological investigations, and strengthening antibiotic stewardship in neonatal and paediatric healthcare.

The programme was conducted under the leadership of Dr. Haji U.K. Monu, Chairman, Kanachur Islamic Education Trust, and Mr. Abdul Rahiman, Director, with Dr. Oniell Fernandes, Head of Paediatrics, serving as the Organizing Chairman. The event brought together around 150–200 delegates and featured eminent national experts in paediatric infectious diseases,

microbiology, and pharmacology.

Key scientific sessions highlighted antimicrobial resistance as a growing public health crisis, interpretation of infection diagnostics, rational antibiotic selection, updated approaches to typhoid management, and the importance of evaluating non-infectious causes of fever before initiating antibiotic therapy. A panel discussion on antibiotic stewardship in Neonatal and Paediatric Intensive Care Units provided valuable insights into evidence-based management of vulnerable patients.

A pre-conference workshop was also conducted on 6th February 2026, covering fever management, adverse drug reactions, and safe drug administration practices. Participants were awarded Karnataka Medical Council (KMC) credit points and certificates of participation.

The CME concluded successfully, reinforcing the importance of antibiotic stewardship and evidence-based clinical decision-making in combating antimicrobial resistance and improving paediatric patient care.

Stress Management and Childhood Challenges

A session on 'Stress Management and other problems in Childhood' was organized on April 4, 2026, at Kanachur Public School. The session was conducted by Dr. Balasubramanya

K.R. Assistant Professor of Psychiatry, Kanachur Institute of Medical Sciences, Mangalore.

The objective of the session was to address the increasing stress-related issues faced by teachers in the school environment. Dr. Balasubramanya K.R. provided clear guidelines to recognize signs of stress in children and adolescents and emphasized that adopting healthy coping strategies helps students thrive academically and personally. He discussed common stress symptoms observed in school settings, explained how stress affects learning and behavior, and underlined the importance of building resilience and life skills. He also spoke about the vital role teachers and parents play in creating a supportive and understanding atmosphere for children.

The session was highly interactive. Faculty members shared concerns related to managing exam anxiety among students, peer pressure, and excessive screen time in children. Dr. Balasubramanya responded with practical, age-appropriate strategies, including maintaining structured daily routines, encouraging open communication, and using simple relaxation techniques to manage stress.

The session proved very useful. Teachers gained a better understanding of the resilience and skills needed to help students handle academic and personal challenges. Teachers learned to spot early signs of stress in children and respond in healthy ways, promoting better mental health across the school. The discussion also helped reduce stigma around mental health issues.

CME on Polytrauma : Advancing Excellence in Trauma Care

A Continuing Medical Education (CME) program on Polytrauma was successfully conducted on 19th April, Sunday. The program commenced at 9:00 AM with an engaging morning academic session and concluded at 5:00 PM with workshops after a full day of insightful discussions and learning.

The CME focused on the value and importance of polytrauma management, emphasizing timely intervention, multidisciplinary coordination, and improved patient outcomes. Various sessions highlighted the assessment of polytrauma patients, including primary and secondary survey protocols, decision-making strategies, and critical care approaches.

The program witnessed active participation from experts across multiple specialties, including Orthopedics, Emergency Medicine, Neurosurgery, and Thoracic Surgery. Their

contributions enriched the academic discussions and provided a comprehensive understanding of managing complex trauma cases.

A total of approximately 185 delegates attended the CME, with participants representing various institutions across Dakshina Kannada. The interactive sessions, case discussions, and expert lectures were well received by the attendees.

The program was graced by the esteemed Chief Guest, Dr. Shantharam Shetty, whose presence added great value and inspiration to the event.

Overall, the CME was highly informative and achieved its objective of enhancing knowledge and clinical skills in polytrauma management.

Managing Medical Emergencies in School

The session on Managing medical emergencies in school held at MEU Hall, Kanachur Medical Block, for teachers of Kanachur School on 11th April 2026, was a resounding success. Dr. Mohit and Dr. Afifa's interactive and informative presentation equipped teachers with life-saving skills, covering crucial topics like Basic Life Support, handling suffocation, electrocution, choking, snake bites, and managing medical emergencies among students and people. The doctors' practical demonstrations of CPR, AED usage, and chest compression techniques left a lasting impression on the attendees. This empowering session has enabled teachers to respond confidently in medical emergencies, ultimately benefiting students and the community.

World Cancer Day : United by Unique

The Department of Community Medicine, Kanachur Institute of Medical Sciences, conducted a Cancer Awareness Programme for 40 housekeeping staff members as part of Cancer Awareness Month. The session focused on common cancers in women, with special emphasis on cervical and breast cancer, highlighting risk factors, warning signs, prevention, and the importance of early detection.

The programme was presided over by Dr. Shahul Hameed, Head of the Department, Community Medicine. Health education was delivered by Dr. Nidhi and Dr. Nikita (Interns) in simple, understandable language, followed by a Self-Breast Examination (SBE) demonstration by Dr. Fathma Kalam, Senior Resident, using a mannequin. Participants learned the correct steps of SBE, the need for regular practice, and when to seek medical advice.

The session was interactive, with active participation and question-solving. Overall, the programme was well received and helped improve awareness on cancer prevention and early detection among the housekeeping staff.

The Kidney Crisis: What all Future Doctors Should know

The Department of General Medicine, Kanachur Institute of Medical Sciences, observed World Kidney Day on Saturday, the 28th of March 2026 at KIMS Auditorium from 10:00AM to 11:00AM.

Prof. Dr. Mayoor Prabhu, HOD of the Department of Nephrology, KMC Mangaluru, spoke on "The Kidney Crisis : What all future Doctors Should know "

Present on the occasion were Prof. Dr. Mohammed Ismail, Chairman Kanachur Health Sciences Advisory Council, Prof. Dr. Shahnavaz Manipady, Dean, KIMS; Prof. Dr. B Devdas Rai HOD, Department of General Medicine, Dr. Anjan Medical Superintendent, KIMS; Dr. Rohan Monis CAMO, KIMS; and Prof. Dr. Prashanth Kumar Kadri, Nephrologist, KIMS.

A Decade of Caring, a Legacy of Giving

As part of the decennial celebration of Kanachur College of Nursing Sciences and in observance of National Donors' Day, a rally was organized on 11.02.2026 from the entrance of Kanachur Hospital & Research Centre to Deralakatte Sea

Ground to raise awareness about the importance of organ donation and blood donation.

Organ donation is a silent yet noble act of giving, a supreme

service that brings new light to many lives. In this spirit, the Youth Red Cross Unit of our college, in collaboration with *Dhatru* (Donating Humanity and Transplanting Hope) initiated by Rajiv Gandhi University of Health Sciences, conducted this program. The *Dhatru* project aims to provide accurate information about organ donation, dispel fears and misconceptions among people, and nurture humanitarian values.

The rally was officially flagged off by the institution's president, Dr. Haji U.K. Monu, who hoisted the college flag. After the inauguration, he shared a beautiful message emphasizing that organ donation is a noble deed that brings light to the lives of others.

The rally began at the main gate of Kanachur Institution and concluded at Deralakatte Sea Ground. Students and faculty marched in disciplined order, chanting slogans to spread the importance of organ donation in society.

Following the rally, a formal meeting was held. Distinguished guests included Mr. Nagraj S., Sub-Inspector of Konaje Police Station; Mr. Sattar C.M., President of the Belma Panchayat; Dr. Shanawaz Manippady, Dean of Kanachur Institute of Medical Sciences; Dr. Anjan Kumar, Medical Superintendent of Kanachur Hospital and Research Centre; Dr. Rohan Monis, Chief Administrative Medical Officer of Kanachur Hospital and Research Centre; Dr. Moly Saldanha, Principal of Kanachur College of Nursing Sciences; Prof. Sherin Joseph, Vice

Principal of Kanachur College of Nursing Sciences; Mrs. Irene Saldanha, Nursing Superintendent of Kanachur Hospital and Research Centre; Mrs. Jossy Paul, Deputy Nursing Superintendent of Kanachur Hospital and Research Centre; along with other dignitaries, faculty members, public relations officers, police officials, and students.

The meeting commenced with the singing of the State Anthem.

Faculty members took the pledge of organ donation, leading by example. The pledge document was handed over by Dr. Moly Saldanha to Dr. Shanawaz Manippady.

Students performed a Street Play to educate the public about the importance of organ donation.

Guest speaker Dr. Anjan Kumar delivered a simple and clear message about the significance of organ donation and explained which organs can be donated.

Mrs. Divya, Lecturer and Secretary of the Youth Red Cross Unit of Kanachur Nursing College, explained how the public can register for organ donation through NOTTO (National Organ and Tissue Transplant Organization).

Mrs. Divya also anchored the program and offered gratitude to all attendees. The event concluded with the singing of the National Anthem.

A Decade of Excellence: Lamp Lighting & Oath taking Ceremony of B.Sc Nursing Batch

The Lamp Lighting Ceremony of the 10th batch of nursing students was held at Kanachur College of Nursing Sciences, on 16th February 2026 at the Kanachur Conference Drome, marking the institution's decennial celebration under the visionary leadership of Dr. Haji U. K. Monu, Chairman of

Kanachur Islamic Education Trust. The event marked a proud milestone in the lives of 250 budding nurses, symbolizing their readiness to embrace the values of dedication, dignity, and excellence in nursing.

The Chief Guest of the ceremony was Dr. K. S Gangadhara Somayaji, Honourable Vice chancellor, Yenepoya Deemed to be University. The Guest of Honour was Dr. Santhosh Subhas Indi, Member of the Senate, RGUHS. The event was presided over by Dr. Haji U. K. Monu, Chairman, Kanachur Islamic Education Trust. The occasion was further graced by the esteemed presence of Dr. Venkatray Prabhu, Chairman, Kanchur health Sciences Advisory Council, Dr. Shahnava Manipady, Dean, Kanachur Institute of Medical Sciences, Dr. Anjan Kumar, Medical superintendent, Kanachur Hospital and Research centre, Dr. Rohan Monis, Chief Administrative Medical Officer and Mrs. Irene Saldanha, Nursing superintendent, Kanachur Hospital and research centre.

Dr. Molly Saldanha, Principal Kanachur College of Nursing Sciences, graciously welcomed the gathering, marking the formal commencement of the programme after which the programme was inaugurated by the lighting the ceremonial lamp. Distinguished dignitaries lit the Mother Lamp, representing Florence Nightingale's legacy and offered floral tributes, honouring her pioneering role in modern nursing.

Mr. Kenas Thomas, Associate Professor, Community Health Nursing Department, highlighted the significance of the Lamp Lighting Ceremony, emphasizing the historical roots of this ceremony, we honour the timeless values of empathy, dedication, and healing.

A defining moment of the programme was the lamp lighting and oath-taking, during which 250 aspiring nurses illuminated their lamps and solemnly vowed to uphold the values of compassion, service, and integrity. All the dignitaries and esteemed guests lauded the vital role of nurses in healthcare, acknowledging the significance of the profession while motivating the students to uphold integrity, compassion, and ethical standards. They warmly congratulated the students on embracing such a noble path With elegance and poise, Mrs. Divya, Associate Professor, and Ms. Ananya, Assistant Lecturer, steered the programme as Masters of Ceremony. Prof. Sherin Joseph, Vice Principal, delivered the formal Vote of Thanks. The Lamp Lighting Ceremony stood out as a momentous and inspiring highlight, marking the students' entry into the noble nursing profession and reinforcing the ideals of compassion, integrity, and selfless service..

Naseem Afareed Workshop- 2026

Kanachur College of Physiotherapy & Kanachur Hospital & Research Centre in association with U.T Fareed Foundation (R) organized the 11th Late Mrs. Naseema Fareed Memorial Lecture, which was inaugurated on 3rd February 2026 by Dr. Subramanyam K, Head of the Department and Professor, Department of Cardiology, Srinivas Institute of Medical Sciences & Research Center, Mangalore.

The presidential address was delivered by Dr. Haji U K Monu, Chairman, KIET. Dr. Mohammed Ismail Hejamady delivered the keynote address in the presence of Mr. Abdul Rahiman, Director, KIMS; Dr. Vaishali Sreejith, Senate Member, RGUHS; Dr. Sudhan S G, Professor & Principal, Krupanidhi College of Physiotherapy,

Bangalore; Dr. Shahnava Manipady, Dean, KIMS; Dr. Venkatraya Prabhu, Kanachur Health Science Advisory Council, Kanachur Hospital & Research Centre; and Dr. Mohammad Suhail, Dean, Kanachur College of Physiotherapy. Topics Covered:

Art of Practice in Cardiopulmonary Conditions - Dr. Sudhan S G, Principal, Krupanidhi College of Physiotherapy the Gift of Life-Organ Donation - Dr. Rohan Monis, Chief Administrative Medical Officer Chest X-ray Interpretation-Dr. Hemanth, Department of Radiology, KIMS

Pulmonary Rehabilitation - Dr. Vijaya Kumar, Department of Respiratory Medicine, KIMS.

We are glad to announce that this is the 11th consecutive year of this program for interns and PGs from different colleges across Mangalore. A total of 120 delegates attended the workshop.

Dr. Reshma, Vice Principal, Kanachur College of Physiotherapy, Mangaluru.

Promoting Fire safety & Emergency Preparedness

A Fire Safety Awareness Program was conducted on 28th April 2026, by the Karnataka State Fire and Emergency Services Department, Pandeshwar, under the Youth Red Cross (YRC), KIAHS.

The session was led by Fire Safety Officer Mr. Praveen, who addressed the YRC members and explained the essential safety precautions to be followed in case of fire emergencies. He emphasized the importance of awareness, timely action, and

proper use of fire safety equipment to prevent accidents and ensure safety.

The program also included a practical demonstration session, where participants were shown how to handle fire situations effectively. The session was informative and helped students understand real-life safety measures.

The program was successfully conducted with active participation from YRC members.

Workshop on “ Kinesiotaping for Upper and lower extremity, Clinical & Sports Cupping & Dry Needling, and Manual Therapy”

Kanachur College of Physiotherapy in association with Sports & Fitness Training Federation of India (R) organizing one week workshop on “ Kinesiotaping for Upper and lower extremity, Clinical & Sports Cupping & Dry Needling, and Manual Therapy” for Interns with a total of 28 credit hours. The program was conducted to enhance the clinical knowledge and hands-on

skills of physiotherapy students and professionals in various manual therapy techniques used in musculoskeletal rehabilitation. The course featured expert resource persons, including Dr. Vivek Bhanushali, MPT (Sports), and Dr. Mayur Kotabagi, Chief Consultant at Amrita Multispeciality Clinic and Karnataka Sports Physiotherapist.

Student Achievement

Ms. Noor Aiman Rabbani and team 1st Year MBBS, have secured the **Second** place in the intercolliate roleplay competition "**Physiology Live: Unveiling the drama within**" conducted on 14th March 2026 organized by Department of Physiology, K S Hegde Medical Academy, NITTE (Deemed to be University).

Free Cancer Awareness And Screening Camp

St.Paul Church, Balkunje and Indian Cancer society CODP -Sparsha Jointly Organised FREE Cancer Awareness And Screening Camp on Behalf of International Women's Day on 08-03-2026 at Church Hall Balkunje, Kinnigoli
